A2	Basic user	A2	Basic user	A2	Basic user	A2	Basic user	A2	Basic user

(\*) Level of the Common European Framework of Reference for Languages

Organisational skills and competences

The ability to organize and coordinate the people I work with. I gained the experience of working with people in the 13 years of participation in the development of various software projects, both from the position of subordinate and from the position of coordinator and team leader. Also, 7 years of experience in the university environment and working directly with the students helped me to improve my communication, interaction and coordination skills.

Technical skills and competences

- Use of operating systems: Windows 2000, Windows XP, Vista, 8, 10, Linux SuSE, Linux Red Hat, Ubuntu
- Design and development of software applications in programming languages such as C / C ++, C #, Java, PHP, JavaScript
- Use of database management systems: MSSQL, MySQL
- Development of software applications for cloud environments (Azure, AWS)
